World Cup 2026 at Allegra

Friends, Families & Fans – Villas and Suites Near Mexico City

Location: Cuernavaca, Mexico – about 75-90 minutes from Mexico City and Estadio Azteca.

What we offer: Private villas with pools, boutique-style suites, an events venue and a private club, all connected in one relaxed enclave.

1. The Allegra World Cup Enclave in a Nutshell

One private Allegra enclave for your group

Allegra Homes (villas with private pools), Allegra Suites (boutique hotel-style rooms), Jardín Allegra (our events venue) and PRIVE (private club & lounge), all within the same enclave or just a short walk away.

Near Mexico City, without the chaos

Around 75-90 minutes by toll highway to Mexico City and Estadio Azteca, so you can enjoy the matches and then escape to warmer weather, pools and gardens.

Designed for groups, not just hotel rooms

Your group actually stays together, hangs out together and recovers together – much more like a private retreat than a traditional hotel stay. You cook, swim, watch matches and celebrate in shared spaces instead of being scattered across different buildings or hotels.

Flexible combinations of villas and suites

For most fan and friends groups (around 18–30 guests), we use a mix of 2–3 villas plus a few suites as needed. You get the comfort and privacy of full houses, plus the flexibility of extra rooms in Allegra Suites when the group grows.

2. Smart Economics for Groups

These are **complete packages for your whole group**, not per-night hotel rates.

When you split the total between 18–30 guests, the cost per person per night is usually **very competitive compared to good hotels in Mexico City**, especially considering that at Allegra you are getting:

- Private villas with pools and gardens
- Boutique-style suites
- A wedding-level events venue (Jardín Allegra 55)

Jardín
ALLEGRA 55

- A private club-style space (PRIVE)
- And curated food & party experiences on top

In other words, you are not just paying for beds – you are paying for a **private home base** where everyone actually stays together, eats together, watches matches together and celebrates together.

3. Signature Stay Packages (USD) – Friends & Fans

All prices below are **package prices for the whole group in USD**, for fan and friends groups using part of the Allegra enclave (typically 2 villas plus suites as needed). Final quotes depend on exact dates, group size and configuration, but these are realistic World Cup 2026 package prices.

These packages are not full buyouts of the entire property – they are designed for groups of approximately **18–30 guests** who want a private-feeling enclave without renting everything.

Beyond the rooms, Allegra offers curated food and party experiences specifically for World Cup 2026. These can be added to any of the Signature Stay Packages above or quoted separately.

Welcome Taco Party & Karaoke Night – from around 100 USD per guest

Full Mexican Brunch Buffet – from around 100 USD per guest

A serious “recovery brunch”:

chilaquiles, egg station, hand-made quesadillas, mixed grill (arrachera, chicken, beef skewers, picaña, choripán), salads, sides, coffee, orange juice, seasonal fruit, granola, yogurt and Mexican sweet bread. Ideal after a big match or a late-night celebration.

Opening Match Kickoff Party – Jardín Allegra – from around 150 USD per guest

A spectacular opening event for your group and invited friends: several hours of venue access, open bar, Mexican food stations and a live DJ set to kick off the tournament in style.

Final Match & Closing Night Party – Jardín Allegra – from around 180 USD per guest

A grand finale: a closing celebration for your group with open bar, an elevated menu and a live DJ to close out the tournament like a private festival.

Airport & Stadium Transfers – custom quote in USD

Private vans, grouped shuttles and match-day logistics tailored to your flight and match schedule. We can help you organize shared transfers and simple, clear plans for your guests.

All experiences can be tailored to your group’s style (family-focused, friends, mixed ages) and budget.

5. Who This Is Perfect For

- Friends and families who want to share villas and suites instead of being scattered across different hotels.
- International fan groups who want a “home base” near Mexico City to rest between matches.
- Content creators and media friends who want beautiful, quiet spaces to record between games without the noise and chaos of the city.
- Small private groups combining a World Cup trip with a celebration (birthday, engagement, anniversary, reunion).

They all get:

- A private, beautiful home base near Mexico City, with pools and gardens.
- A team used to running weddings and multi-day events, not just hotel stays.
- World Cup-specific logistics (transfers, watch parties, catering) under one roof – without feeling like a mass-market hotel.

6. Why Our Pricing Makes Sense

More experience, less chaos

You avoid the stress, traffic and high prices of staying in the city on match days, without feeling “far away”. You go to the match and come back to warm weather, pools and a relaxed environment where everyone is together.

Group-friendly economics

Once you divide the full package price between your group, nightly costs per guest feel very reasonable for a World Cup trip – especially compared to booking multiple hotel rooms, meeting spaces and restaurant events separately.

High perceived value

Villas with pools, a wedding-quality venue, a private club and curated experiences feel like a “mini resort” built just for your group of friends or family. It looks and feels special on photos and videos, and people remember the shared moments more than just “staying at a hotel”.

Flexibility

2-night, 3-night or full-week stays; different mixes of villas and suites; quiet, family-style stays or party-style stays – all under one concept: **The Allegra World Cup Enclave for Friends & Fans.**

7. Next Step

Tell us:

- Your tentative dates
- Approximate group size (number of guests)
- Which matches or host cities you are considering
- What type of vibe you want (family, friends, party, relaxed, content creation, etc.)

We will send you a **custom World Cup 2026 proposal in USD** based on:

- One of the Signature Stay Packages (Essential Match Stay, Signature Match Escape or Grand World Cup Week), and
- Any extra experiences (taco party, brunch, opening night, closing night, transfers) you’d like to include.

If you are a larger **corporate or media group (around 50–70 guests)** interested in taking over the **entire Allegra enclave exclusively**, we can also prepare a separate **Corporate & Media World Cup** proposal with full buyout and per-night corporate packages.
